

The Great
Nurse
By Skyla
and Logan

Florence was born in 1820 in the city of Florence in Italy. She was named after the place where she was born. She enjoyed reading books and learning new things. Her mum and dad were very rich and had lots of money.

Florence wanted to be a nurse but her mum and dad didn't want that. They wanted her to get married to a rich man. In 1945, Florence went to school to learn how to be a nurse.

In 1854 Florence went to Scutari during the Crimean War to help out the soldiers who were poorly. The hospital was very very dirty and Florence wasn't happy. She gave the soldiers clean clothes and blankets, lots of healthy food to eat and a bed to sleep in.
